## PROFILE

Passionate Web Developer with nearly 2 years of experience building scalable, user-friendly applications. Skilled in modern frameworks like MERN Stack, I specialize in building responsive interfaces that elevate user experiences. Seeking a challenging role to leverage my expertise in web development and continue growing as a developer.

## WORK EXPERIENCE

### 2025 - PRESENT

Nexastrive Ltd

#### Full-Stack Developer

- Worked on small features and bug fixes in MERN stack projects under guidance from senior developers.
- Built basic UI components using React.js and connected them to backend APIs.
- Helped create simple APIs using Express.js and tested them with Postman.
- Assisted in setting up projects on platforms like Vercel and MongoDB Atlas.

### 2024 - 2025

Sapphire Software Solutions

#### Frontend Developer

- Assisted in developing responsive, user-friendly web interfaces using React, JavaScript, HTML5, and CSS3.
- Collaborated with designers to implement visual components and maintain consistency across the platform.
- Fixed bugs and optimized UI performance for cross-browser compatibility and accessibility.
- Contributed to styling using Tailwind CSS and built UI elements with React libraries.

## EDUCATION

2019-2020

#### FMCT

- Higher Secondary Education

2021-2025

#### SILVER OAK UNIVERSITY

- Bachelor of Engineering in Information Technology

## SKILLS

- HTML, CSS, Javascript
- ReactJS, NodeJS, ExpressJS
- Bootstrap, Tailwind CSS
- MongoDB, Postman
- Git, Github, Figma
- Vite, Vercel, PHP Mailer
- SocketIO, Github Copilot
